

*East High has not forgotten you.
Please don't forget East High.*

Remembering the past, providing for the future.

Dear East High School Birchen Award Winner,

When you attended East High School, you often impressed the faculty, coaches, and advisers with your service to our school. That is why you were presented with the Birchen Award, East's highest award for "service above and beyond expectations benefitting our school's community."

Today, we are asking you again to rise to the challenge of helping out the East High Community by making a contribution to the new Duluth East High School Foundation. We have made great strides in our third full year of operation:

Birchen Plaques displayed in the Grand Foyer at the new East.

- The IRS has granted 501(c)(3) status to the Duluth East High School Foundation, a rigorous, but important milestone. Your donations are tax deductible, and high standards will guide financial activity.
 - The website www.dultheastfoundation.org is up and running! Check it out for more information about us, our plans for the future, and to make a gift.
 - We have now begun assisting reunion committees in forming a central clearinghouse for class reunion activities.
 - The third Hall of Fame Dinner and Awards Ceremony was held in the new East High last fall. You can nominate candidates at our website.

- Grant making guidelines are now in place and available on our website in anticipation of the first round of grants beginning in 2016.

It is the mission of the Foundation "... to enhance a world class educational experience for all East High School students by providing financial support for academics, student activities, athletics, and campus improvements." As East High's most honored alumni, you can help current Greyhounds have the resources to explore their interests and talents, while enhancing their education.

As you consider your personal resources and priorities, we ask that you keep the new East High School Foundation in mind and make the most generous gift possible. Please send donations to the DEHSF at 222 West Superior Street in Duluth, MN 55802-1938.

Thank you for considering this request and continuing your support of East High School.

On behalf of the Board of Directors,

Ken Kneen

"Remembering the past, Providing for the future."
